Sir:-

I beg to acknowledge the receipt of your letter of the 1[illegible] ultimo in reply to my letter of the 7th idem, wherein you were advised of the circumstances under which title to you of the [illegible] quarter of section ., township [illegible], Range [illegible], west of the 4th meridian, Lying south and east of Spirit River, was cancelled, and to say that it appears that you are [illegible] under Mining regulations so far as the [illegible] area is lots nos. 1 and 2 are concerned. According to the Departmental records, the areas patented in these lots were

Lot No. 1, 15[illegible].70 acres,
Lot No. 2 153.48 acres,

from which it will be seen that all the lands comprised within the limits of these two lots were patented.

As you appear to require a certain portion of Lot No. 2, I would suggest that you place yourself in communication with the Registrar, Land Titles Office, Edmonton, and ascertain from that official the name of the present registered owner of said Lot No. 2, in order that you may make the desired purchase from him.

This appears to be the only course to be followed as the Department has no further jurisdiction over the land in question.

A letter from [illegible] of the land owners of this district [illegible]

[illegible] that [illegible]

the island reserved for public purposes.

I have resided in this district for the past 10 years and know every one in this district. The island is used by the people here as a camping [illegible] summer time and I have seen as many as 50 familys out for a holiday camping on the island. Saskatoons grow in profusion on the island and some of the poorer people [illegible] berries and put them up in fruit jars obtaining their winter supply of fresh fruit in this manner.

To allow this land to pass into private hands would be a distinct loss to the community. It is a natural park and every one here feels that its a great privilege to to use this land when out for a holiday. Boating parties land on the island and make free use of the wild fruit that grows in abundance there.

The waters of the lake has receded so that this land is really not an island at the present time but is connected to the mainland by a narrow strip of land.

Dear Sir, In reference to additional W. half of Section 6 T. P. 72 R. 7, W. of the sixth Meridian and fractional Section 1 Township 72 range 8, West of the sixth Meridian.

The taxpayers and responsible men of this district has in the past and still continue to put up a fight to have the above land reserved for public purposes.

I understand that Mr. Fred Blanchard has induced a few of the members of The G. W. Veterans Assn. to support his claim and at a meeting of the Board of Trade have it appear by a resolution that the members of The Board of Trade supported this claim of Fred Blanchard.

This resolution was railroaded through by a few friends of Blanchard and merely represents the say of a few floaters of this community none of whom have any [illegible] in this district but as residents are eligible as members of The Board of Trade on payment of a fee of $2.00.

[illegible]:-

Referring to your memorandum dated February 25th, on files 3204267 and 4007982 herewith, I concur with your view that the area in legal subdivision 5 of section 1 township 72-8-6 marked "A" on the sketch accompanying the letter dated February 11th, from the Minister of Agriculture, Edmonton, has already been vested in the Province of Alberta.

Legal subdivision 6 of section 6, township 72-7-6 which will include all that land available in the location marked "B" on the Minister's sketch may be described as follows.

(1) that portion of legal subdivision 6 of section 6 in township 72, range 7, west of the 4th Meridian lying to the west of a line drawn parallel to the easterly boundary of the said legal subdivision and fifteen chains perpendicularly distant therefrom; excepting thereout all that part of the said portion which was vested in the Province of Alberta by Order-in-Council of the 14th February, 1912, C.R. 344, containing by admeasurement seven acres and six tenths of an acre (7.6) more or less.

Memorandum:

J.W.Martin, Esq.,
Acting Commissioner
of Dominion Lands.

With the Assistant Deputy Minister's report in connection with the application of the Province of Alberta to secure a supplementary grant of two parcels of land, being the "A" and "B" parcels which accompanied the application.

The grant contained a restriction that the land be used for public purposes, and it also contained a proviso to the effect that should the property cease to be used for public purposes it should thereupon revert to the Crown in the right of Canada.

The grant comprised an aggregate area of 210.10 acres, more or less. The Order in Council effecting the grant, as well as a sketch of the land, is on file herewith (marked).

The parcel marked "A" on the sketch which accompanied the letter from the Minister of Agriculture, Edmonton, appears on the township plan as an unreserved creek, the area of which forms part of the 19.30 acres in Legal Subdivision 8, Section 1 which was transferred to the Province by the Order in Council mentioned. Accordingly, this particular parcel is already under the control of the Province.

The situation is different with respect to the area in Legal Subdivision 6, Section 1, marked parcel "B" on the sketch. There is an area of 7.0 acres in this location available for disposal to the Province. This area is shown on the sketch on file which accompanied the Surveyor General's memorandum of the 27th ultimo. The balance of the parcel which the Province desires to acquire at this point is not available, inasmuch as a patent was

issued

ig ued to one William Grant in May,19[illegible], for the part of the S.W.¼ 6 lying to the East of a line drawn parallel to and 16 chains perpendicularly distant Westerly from the East boundary of the quarter section less land covered by the Lake at the time of the survey thereof, comprising 22.50 acres, more or less.

There would appear to be no objection to obtaining an Order in Council vesting these 7.6 acres in the Province on the same terms as appear in the Order in Council of the 13th February, 1922, referred to. There is sufficient information on file to warrant the Department dealing with this area as dry land. However, it is suggested that before any steps be taken to obtain an Order in Council in this matter, inquiry be made to ascertain whether part of the [illegible] still belongs to the Province.

It may be added that it is [illegible] to the Province to grant [illegible] the Eastern portion of the [illegible] privately owned property.

"The client resists being remembered [illegible] returning [illegible] visitor [illegible] an island; this may happen again."

With a new road from the transit in the northeast quarter of section [illegible] to the river island shown [illegible]. The suggestion is made that if there is [illegible] width of accrued land along the [illegible] could be arranged [illegible] the province and [illegible] it.

As I understand the matter it is not the policy of the Department to dispose of such accrued areas except to the owner of the adjoining lands and any other policy would present so many difficulties that it could not be recommended.

FILES

The new road described should be acquired under the provisions of Chapter 140 of the Revised Statutes of Canada 1927. The location of the road having been selected and the survey made by the Provincial authorities, if it is found that wholly or partly upon Dominion lands along the lake, the road-way will to this extent become the property of the Province under the provisions of the Act.

Under these circumstances it does not appear that any other investigation of the lake will be necessary.

Our surveyors in the Peace River District are engaged on urgent work at considerable distance from Lake Station, but if an investigation is found necessary it could be arranged for at the end of the season.

I beg to acknowledge receipt of your letter of the 31st inst., enclosing [illegible] of Provincial Vesting Order in the Province of Alberta for public purposes, a portion of the above described Local Subdivision, containing 7.6 acres, more or less.

I have noted this vesting order in my records but according to the plan here I do not see where the increase is situate. If there is a more recent plan of this township than that approved and confirmed the 31st of August 1916, I wish you would have it sent forwarded to me. According to my file the whole of the Island in sections one and [illegible] has already been vested in the Province and the only other land in Local Subdivision 6 which is shown on my plan has been patented to Mr. William Grant. It may be that later plan shows that owing to the subsidence of the water an additional area has accrued to the island and that it is this additional area which has now vested in the Province.

Dear Mr. Goudley,-

Acknowledging your letter of the 7th ultimo, in the Minister's absence I am relative to the matter of arranging for a roadway to Saskatoon Island in order that the people living to the north and west of the land may have more direct access to the island.

You suggest that the present roadway running east and west along the boundary between the North East and South West quarters of Section 2 be continued eastward for a half mile. There is no objection so far as the Department is concerned to the laying out of such a road. As the fractional east half of section 2, Township 72, Range 1, West of the 5th Meridian is patented land it would be necessary, of course, for the Province to deal with the registered owner or owners of the property with respect to the area required for the road. Should the road take in any accrued land, the Province would acquire title thereto by the filing of a plan of the road in accordance with the provisions of Chapter 160, R.S.A., 1927.

Regarding your request that a transfer be made to the Province of any accrued land which may be found to exist in section 2, I may say that it would be contrary to the invariable practice of the Department to dispose of any dried-up area in this section other than to the registered owner of the adjoining property in the section.

Yours very truly,

Dear Sir,-

[illegible]

In further reference to your letter of the 1st instant, in regard to filing [illegible] to secure this grant, I may say that it appears from a report just received that the grazing portion of this quarter is covered by Ranche No. [illegible] which now stands in the name of Mr. [illegible] Cochrane, Alberta.

The lease of this Ranche is an open one and expires on the 1st August next, and that portion of the quarter section which is within this Ranche is available for homestead entry the same as the lease did not exist.

You will see, therefore, that the existing lease is not one which prevents an ordinary homestead entry being made. Mr. Emerson might get into communication with our Agent of Dominion Lands at Calgary and find out from him whether the land is still available.

The letter to you of the 7th ultimo, setting forth that as the land was in grazing No. [illegible] it was not available for disposition, was written under a misapprehension as to the nature of the lease.

MEMORANDUM:

Request for Title under the Order in Council of the 4th June, 1921, P.C. 1821, where duties completed by soldier settler.

Re: S.E.¼ 17-72-12 W.6th. (Hed.)
Harold Whittred Sinclair.

Subsequent to the initial loan approved in favour of the above named settler on the 24th October, 1919, he secured advances totalling $1,[illegible].00, as follows:

Stock and equipment.....$1181.93
Permanent Improvements..... 318.07

The charge created against the land is an effective one under Section 25 of the Soldier Settlement Act as all advances were made to the settler subsequent to the date of his entry for the S.E.¼ 20-72-11 W.6th, which entry was subsequently transferred to the S.E.¼ 17-72-12 W.6th. The only other land security in this case is a first charge against the N.E.¼ 17-72-12 W.6th.

Your department reports that Mr. Sinclair has completed the settlement duties for the earning of patent; therefore, in order that he may be in a position to negotiate a sale of the land at a future date, Mr. Sinclair has requested that title to the land be issued in the name of the Director of Soldier Settlement. This request of Mr. Sinclair has been signed in duplicate and I attach hereto a copy for your records. Mr. Sinclair is reported to be in residence on the farm and there is no information on file to indicate that he contemplates abandonment of his farming enterprise.

Pursuant to the provisions of the regulations established by Order in Council of the 4th June, 1921, P.C. 1821; and in view of the powers vested in the undersigned under the amendment of 1931 to the Soldier Settlement Act, it is requested that the right, title and interest of His Majesty in the said S.E.¼ 17-72-12 W.6th be vested in the Director of Soldier Settlement of Canada.

A Vesting Order for signature is attached hereto.

Sir,-

Re NW¼ 17-55-1-W.4th M.
Lamont application.

I beg to inform you that a patent has been issued to the Department stating that the title for the above land is not right at the present time, in connection with the half-breed claim. You can, however, have entered and prosecute to completion your application for the land mentioned in the land Titles Office at Edmonton. From the Department letter of October 19, Patent 19, Page 17, part 4th division.

A copy of this letter is forwarded to Mr. Edgar D. Crump, Barrister, Lamont, Alta., for information in the enclosure in this case.

S.E.¼ of Sec. 1-61, W. 4th M.

Sir:

With reference to your File No. 201954, I beg to advise you that it has been decided to reserve the following lands for operation of settlers' timber permits: Section 36, Township 61, and Sections 2 and 3, Township 62, Range 21, West of the 4th Meridians.

The reservation of the timber on these lands on behalf of the settlers will not conflict with the reservation of the lands on behalf of the Flat Lake Drainage Project, as the Reclamation Service advises that there is no objection to the reservation of the timber as long as the land is available for the project mentioned above.

And The Alberta Railway and Irrigation Company hereby agrees that the issue of such patent as above directed shall be as full satisfaction to it, the said The Alberta Railway and Irrigation Company, in respect of such land as if the patent had issued to The Alberta Railway and Irrigation Company itself.

In Witness Whereof The Alberta Railway and Irrigation Company has executed this direction and request the Twenty-first - - - - - - - - day of January - - - A.D. 19 13.

Re [illegible]

I [illegible] Oswald [illegible] the matter of the [illegible] your in this case.

Please advise me if the grant is to cover the whole of the different quarter sections, comprising land and land [illegible]

Mr. Sharpe

REPORT ON LAKE NO.1,

TOWNSHIPS 7, RANGES 16 & 17, W. OF 4TH M'R.

The survey of this lake showed it to take from the areas of sections 26,27,34,28,33,29,32,30, and 31 in township 7, range 16 and section 36, in township 7, range 17.

It has no apparent inlet or outlet at present, but is fed to some extent by springs, some of which are found on the South side of the lake. The lake, however, acquired its present large area, by acting as a reservoir for the C.P.R. irrigation water which at one time emptied into it from the irrigation canal at it's western end. The course of this water, however, has since been diverted into Lake No. 2, township 7, range 17. The water, I understand, has fallen about 3' or 4' since the supply was shut off - about 2 years ago, and the level will probably fall at the same rate in the future unless the course of the canal is again diverted.

The shore line is quite definite, and in most places stony, and it is quite difficult to distinguish any previously made High water work except at its Easterly and Westerly ends, where it is quite definite. The area of the lake has not been materially effected by the above mentioned recession of the water, except at the flats (so-called) at either end, as the immediate confines are quite steep, generally speaking.

The surrounding land is high, dry and stony, and the crest of the Hill ranges from 150' to 250' high.

This lake provides a means for the farmers in this district to water their stock, and in fact renders it possible for them to engage in the stock raising industry.

Without the water supply in this lake, the entire district would be useless, as the soil is too light, to engage in agricultural pursuits with the amount of rainfall that frequents this district.

There is no doubt but that the district to the East, following up the Coulée would be rendered useful for stock raising if water were provided. This could be done quite easily and with little cost, if the water in Lake No.1 were raised about 6', and a small ditch constructed between that lake, and the low lying land immediately East. In this way another lake of considerable size would be created.

The bottom of this lake is muddy and much overgrown with weeds. The water is turbid but drinkable.

The depth of water varies from 6' to 16'.

Where the applicant is unable to subscribe to the statements in paragraphs (a), (b) and (c) of this Declaration he is not to be granted entry unless he produces special authority from the Soldier Settlement Board or the District Superintendent. Applicants who are unable to subscribe to paragraphs (a), (b) and (c) should therefore take their cases up with the District Superintendent of the Board, explaining on what grounds they are applying for special authority.

Sub-Section 2 of Section 15 of the Soldier Settlement Act, 1919, provides as follows:—

"Unless the Board shall, for special reasons, otherwise recommend, no such free grant shall be made to any settler who

(a) has, pursuant to the provisions of this Act, purchased from the Board any land; or,

(b) has, pursuant to the provisions of this or of the former Act, secured from the Board any advance of money for the clearing of encumbrances on, or the purchase of, or the improvement of, any land; or,

(c) is owner of, or has a vested, possessory interest in agricultural land of such area as, in the opinion of the Board, constitutes an average farm for the district within which the land is situated, or which in the opinion of the Board, is of the value of five thousand dollars."

If the settler is unable to subscribe to the statements in paragraphs marked "a", "b" and "c" of the Declaration, he is not to be granted entry unless specially recommended by the Board.

With respect to the information called for in paragraphs "d" and "e" of the Declaration, the Soldier Settlement Board considers that an area of [illegible] acres may be considered an average farm for the purposes of Section 15 of the Act. It therefore, from the information supplied by the settler, appears that he is owner of, or has vested possessory interest in agricultural land [illegible] to what is over 320 acres, under the [illegible] unless he has been specially recommended for entry by the Board.

If the applicant is owner of, or has vested possessory interest in agricultural land and the value of which is [illegible] he is further disqualified under the above provision unless specially recommended by the Board. The present value of the land is to be accepted as the value for the purposes of the application.

For the purposes of Section 15 of the Act land owned by the husband or wife of the applicant is deemed to be owned by the applicant.

Mr. M. Tweedie, M.P.,
House of Commons,
OTTAWA.

Dear Sir,-

Your letter received and many thanks for same. In regard to legal subdivision 12 being under water, it is very much all dry about three acres on the north side of the railway being under water, which is not producing any hay.

There have been hay permits on it for the past few years. My brother and I have got a permit on it this year so that shows that it is quite dry.

I might also state that I am living on the south west quarter of 11, and just finished drilling a well, which I had to go down 132 feet for water. I will map out a small sketch so you will see what legal subdivision 12 really looks like at present.

Yours truly,

(Sgd.) B. Blakely.

MEMORANDUM: *Ottawa*, 14th July, 1920.

Re frl. pt. of NE 1/4 17-[illegible] W.4th M.

I beg to return herewith [illegible] letter No. 17448, and to report as follows:-

In view of the statements made by Mr. Blakely and the previous report of the Surveyor General in respect of legal subdivision 12, the matter was again referred to him and he states that he has no later information respecting legal subdivision 11 of section 17 than is shown on the township plan. On the sketch accompanying Mr. Blakely's letter a ditch is shown from the legal subdivision to the Canadian Pacific Railway ditches. No doubt this land has been drained by these ditches. The area of the legal subdivision is 40.10 acres.

If legal subdivision 11 had been shown as dry land at the time Mr. Blakely obtained homestead entry on this quarter section it would, no doubt, have been included in his entry. As he now states that it has become dry, I would recommend an investigation and report by a homestead inspector to verify his statements and if they are confirmed by such report that legal subdivision 12 be added to the entry.

In respect of the 3.25 acres in the north half of the quarter section which were included in his entry but which had already been patented to the Canadian Pacific Railway Company, I may say that the Registrar has furnished an Abstract of Title showing that the north west quarter section 17 on the 24th June, stood in the name of the Company.

In accordance with your suggestion in your memorandum of the 4th ultimo, on file 401-Ont. herewith, if the papers are returned to me the question of effecting an exchange with the Company for these 3.25 acres will be taken up. It is quite possible that the Company would be willing to accept a free grant of the dried up area in the south east quarter of legal subdivision 11, comprising .75 acres, in exchange for these 3.25 acres. The Company is, in any event, the riparian proprietor of these 3.75 acres.

Respectfully submitted,

Acting Controller.

W. W. Cory, Esq., C.M.G.,
Deputy Minister of the Interior.

Sir,

Re N.W. 17-5-[illegible]-4th M.

Adverting to your letter of the 9th June last, enclosing an Abstract of Title granted on the 24th [illegible] to the Canadian Pacific Railway Company as the registered owner of the above entitled quarter section, I beg to inform you that on inquiry of that Company they advise that this land was sold to one David Hall of Red Deer, and that a transfer was executed in his favour in 1916.

Will you, therefore, be good enough to advise me whether the transfer has been registered or if the land still stands as intimated in the Abstract of Title referred to.

Memorandum

4th October, 1922.

W. O. Cot[illegible], Esq., I.S.O.,
Controller, Land Patents Branch.

Re part [illegible]

This is a case which has been under consideration for some time, but owing to [illegible] we have not been able to come to a decision in the matter.

The [illegible] of the letter, [illegible], was patented to the Canadian Pacific Railway Company under its land grant. You will observe that this grant comprised a small portion of the north west quarter of the [illegible] legal sub-division 11, together with the other lands outlined in red.

At the time that lands were being reserved for the Soldier Settlement Board, the lands outlined in RED on the sketch were laid down on our township plan as reserved for the Board but whoever laid them down on the plan did not observe that this 3.1 acres had already been patented. Subsequently, the lands which were reserved were withdrawn from reservation and Mr. Hart Massey obtained soldier grant entry to lands outlined in red to the north half of the south west quarter of legal subdivision 11; legal subdivision 12 at that time being covered by the waters of Cypress Lake. If this legal subdivision 12 had been dry at the time it could have been purchased by Massey's soldier grant entry. He subsequently made representations to the Department that he and his brother had obtained permits for cutting the hay on this legal subdivision and that it was practically all dry with the exception of a small bay of water of no great extent. He applied to have this legal subdivision and also the south west quarter of legal subdivision 11 added to his entry.

The matter was referred to the Deputy Minister and it was decided that the Department would obtain information as to the standing of the 3.1 acres patented to the Canadian Pacific Railway Company, before any further action could be taken, and that a new stand inspector's report should be called for in respect of legal subdivision 12.

Mr.....

Mr. Blakely has renewed his application for legal subdivision 12 and for the south east quarter of legal subdivision 11.

The homestead inspector's report has been received in respect of legal subdivision 12 and is as follows:-

"Water receding every year - in another two years it will be dry as other parts have."

The Alberta Central Branch of the Canadian Pacific Railway crossed legal subdivision 12 and the right of way across the same has been patented. Mr. Blakely requires this additional land to complete 160 acres.

The information at hand in respect of the 3.37 acre parcel is that in July, 1919, the Canadian Pacific Railway Company transferred it to one, David Hall, at that time of Red Deer.

In view of the lapse of the late [illegible] it will be necessary to safeguard the owner's riparian rights and I would suggest that a strip of land [illegible] chains in width and extending from a point 5 chains east of the north west corner of the quarter section to a point 30 chains east of the same corner should be withdrawn from Mr. Blakely's entry for that purpose, and as Mr. Blakely has been cutting hay on legal subdivision 12 there is little doubt but that it is sufficiently dry for his purposes and I would recommend that the undisposed of portion of that legal subdivision be added to his entry, and further, in view of the fact that the Department cannot now dispose of the whole of the south east quarter of legal subdivision 11 to him on account of the riparian rights of the owner of the patented portion of that aliquot part of the legal subdivision, I think that the riparian rights of the owner of the patented portion of the aliquot part of legal subdivision 11 might be confined to the east half thereof and that the west half might be included in Mr. Blakely's entry.

The lands proposed to be added to the entry are coloured in YELLOW and comprise approximately 45 acres, and the land which should be withdrawn comprises 5 acres.

CONFLICTING CLAIMS

33. In the event of their being more than one applicant claiming the prior right of entry under the preceding section, the priority of their claims shall be determined by the priority of the dates of their prospective entries or the commencement of residence in the case of squatters before survey.

34. To ensure due consideration being given to the rights of all persons claiming priority, the Agent shall receive all applications for entry offering under the preceding section, if requested to do so, but shall issue no over-leaves of entry for such land until the time of the other hours of the day on which the prior right of entry is considered, or until the morning of the following day.

Provided further, that if on account of sickness or other satisfactory reason shown to the Agent a settler who according to the records is not a prior right of entry over all other applicants, is unable to appear in person on such day, the Agent may hold the land for such settler for a reasonable length of time, reporting immediately all the circumstances of the case to the Board.

Provided also, that if the Agent is in doubt as to the priority of any claim[illegible] he shall not grant any of the said claims, but refer the matter to the Board for consideration.

Memorandum:-

Referring to Mr. S.M. Robertson's memorandum of December 17, files 1458050, 7063030, 4837067, 1176472 and 1784 R.S., Mr. C.M. Walker, D.L.S., who was instructed to make a new investigation of Cygnet lake, has reported that he had been unable to make it.

Township 7--28-4 and township 7--1-5 in which Cygnet lake lies, were subdivided by M.J. Charbonneau in 1884. He traversed Cygnet lake which is shown accordingly to his survey on the plans of these townships dated March 13th, 1884.

In January, 1911, it was reported that the lake had been drained by the Alberta Central Railway Company, and we were requested to make a survey for determining the area formerly flooded and which had become dry as a result of this work. G.J. Lonergan, D.L.S., who was instructed to make this survey, reported in 1912 that the drainage operations had not been completed; until they were, a survey would serve no purpose. He advised postponing the survey until 1913.

In 1913, A.L. Cumming, D.L.S., was instructed to make the survey. He reported that the Railway Company was not going on with the drainage scheme, and that the land from which the water had receded was a wet marsh unfit for agricultural uses.

In December 1913, we were again asked by the Secretary to make a survey of the lake: he was told that the survey would be made as soon as we were informed that the drainage operations had been completed. In reply to an enquiry, the Controller of Patents was informed by the Railway Company that the drainage had been completed. Thereupon J.M. Cote, D.L.S., was instructed to survey the dried up portion of the bed. His survey, which was made in 1914, is shown upon the plan of the township dated 27th February, 1915. From his report, it does not appear that any further drainage had been done since Cumming's visit. He was informed that the drainage scheme had been abandoned by the Railway Company.

In October 1916, it was reported to the Controller of Patents that the lake had again receded and we were asked to make a new investigation. This was done by W.H. Norrish, D.L.S., in 1916. He found everything practically the same as at the time of Cote's survey: but the lake was filling up again. Unless the ditch was again cut out, the water would continue to rise. He was informed that the Railway Company had no intention of doing any work.

In August, 1919, your Branch called attention to a new report that the lake had again receded and asked for a new investigation. It was in compliance with this request that instructions were issued to C.M. Walker, D.L.S.

You will observe that we have had investigations and surveys of this lake by E.J. Lonergan, A.L. Cambell, J.M. Coté and W.H. Lorrish. They all agree that the level of the water has not permanently changed since the drainage operations were stopped but that it will rise if the ditch is not kept open. Under the circumstances it does not seem that further investigations would disclose about this lake anything that is not already known. I think that the lots that should be dealt with according to the plan of the township dated 27 February, 1917.

Sir,

Re Wynnet Lake.

Referring further to your letter of the 1st instant, reference S.O.E. 47777 in connection with the application of Mr. J. Jones to secure dairy farm above mentioned land, I may say that while it would not be in the public interest to withdraw from settlement the land in question I am reserving in connection with the application of Mr. J. Jones for pre-emption a further reservation.

The question of disposing of any further portion of this pre-emption from which the waters of Lake Wynnet may have receded has been under consideration for some time, and the impression arrived at is that existing pre-emptions only, officers of this Department, no renewal will be issued for land.

I may add that notwithstanding that Wynnet Lake may be wholly or in part dry at the present time, explorations have disclosed that it is doubtful whether the water has disappeared permanently and it is therefore not considered advisable to consider the question of disposing of any of the area formerly covered by the water until which may now be partly or wholly dry at the present time.

.....

The North West quarter of the South East quarter of Legal Sub-division [illegible], and the South West quarter of Legal Sub-division [illegible] of the above described quarter section comprise provisional reservation for Mr. [illegible] Yingsep. [illegible] Settlement [illegible] from [illegible].

This land borders Lake Cygnet, and a decision as to the disposition of this land was held in abeyance pending a report from the Dominion Lands Surveyor as to whether or not same had permanently dried.

On the 18th of December, 1919, a memorandum was received from the Surveyor General to the effect that inspection of this land had been made in 1912, 1913, 1916 and August, 1919, and that all evidence furnished in connection therewith would show that the level of the water was not permanently changed since the drainage operations had been carried on by the Alberta Central Railway Company were stopped, that it would not seem that further investigation would disclose any further information in respect to the lake or this quarter section.

The Agent of Dominion Lands, Calgary, was advised by copy of Departmental letter of the 19th of January last addressed, to S. Maber, Secretary, Soldier Settlement Board, that disposition of the land in question would be held in abeyance pending a re-examination by officers of the Department.

It would appear from the Surveyor General's memorandum above referred to, and a memorandum

RECLAMATION SERVICE

OTTAWA January 22nd, 1920.

Sir;-

With reference to the proposed drainage of lands in the Cygnet Lake District, I shall be glad if you will reserve in your records the land included on the schedule attached.

I beg to advise you that reservations placed against homesteaded lands will not affect any rights that the entrant was entitled to at the time of entry, but in the case of cancellation or abandonment that such lands will be reserved for reclamation by drainage. For this reason, you are hereby requested not to accept any application for inspection from any private individual for such lands after the receipt of our letter of reservation. Any application received previous to the date of this letter may however, be dealt with in the regular way. In the case of an application for cancellation proceedings have been made after the receipt of our letter of reservation, you will please notify the Dominion Lands Branch, so that steps may be taken for an inspection, if necessary.

These instructions are given so that the department can arrange for an inspection, if necessary, and relate only to existing homestead entries. It is not intended that you should accept any applications for cancellation proceedings, but you should without accepting them advise the department and inform the applicant that his request has been forwarded to Ottawa for consideration. Upon receipt of this request, the Dominion Lands Branch will take the matter up with the Reclamation Service, who will advise whether or not such lands should be released from reservation and you will be notified as to whether or not an inspection should be made.

In the case of certain returned soldiers and others who may have incurred expenses in investigating suitable land within this tract with a view to filing entries thereon, I beg to inform you that the Reclamation Service will offer no objection to such person or persons being granted the privilege of making entry after the date of our instructions reserving said lands, provided the said expenses were incurred prior to the date of our reservation.

Please advise me when these reservations have been noted in your records.

MEMORANDUM:

Mr. H.B.Perrin,
Dominion Lands Branch.

Re - NW. & NE. L.S.D.7, NW. L.S.D.8,
Section 25-31-1-W.5th M.

Referring to your memorandum dated the 19th instant, your reference 4[illegible], [illegible] and 4[illegible], I beg to inform you that this land is reserved in connection with the Cygnet Lake Reclamation Project, which will be inspected during the coming season, and that it is not proposed to release it prior to the receipt of our engineer's report.

For your information please note that the Agent of Dominion Lands, Calgary, was notified of this reservation on January 22nd, 1920, and copy of same was forwarded to Mr. [illegible] on said date. This letter was acknowledged by the Agent on March 5th, 1920, under reference No.952473p.

The Agent has acted contrary to our letter of instructions in having granted a provisional soldier reservation for said land to W.E.Kinsey, unless Mr. Kinsey had incurred expense in locating said land previous to the date on which the Agent received our letter. Please advise me in this connection.

Copy of our letter to the A.D.L. and schedule of lands herewith.

Memorandum:

Mr. Hume.

Accrued area - Cygnet Lake.
N.W. & S.E. 15-38-1-W. 5th Mer.

Kindly refer to sketch marked on file 3381213, hereunder.

Those portions outlined in red were patented some years ago to the Canadian Pacific Railway on their Land Subsidy Account.

Cygnet Lake having been reported to have become partially dry, those portions shown hatched in blue pencil were opened for settlement and Mr. B.Kingsep of Sylvan Lake obtained homestead and soldier grant entries for such portions.

A new plan has recently been issued by the Topographical Survey which shows those portions hatched in blue pencil to be now dry land and Mr. Kingsep has been enquiring about the accretion and his last letter of the 17th March has not as yet been replied to.

It will be noticed that the Soldier Settlement Board reports a loan of $5890.00 against these two parcels.

Kindly advise if those portions hatched in blue pencil, namely, L.S.1, N.E.¼ L.S.2, S.W.¼ L.S.7 and S.E.¼ L.S.8, may be added to the soldier grant; and the N.E.¼ and S.½ of the N.W.¼ of L.S.11 and the S.½ and W.½ of the N.W.¼ of L.S.12 added to Mr. Kingsop's homestead and the Agent instfucted accordingly should he be aware of no reason to the contrary.

The Registrar of Land Titles under date of the 26th ultimo has reported the Canadian Pacific Railway Company as still the registered owners of the patented portions outlined in red. Kindly confirm my assumption that, in view of the Canadian Pacific Railway still owning the patented portions of the quarter sections, no action will be necessary in respect to the balance of the accrued area adjoining the lake shore line.

Eustace Kingsep.

I have your letter of the 17th January last, file No. 3-673, in which you describe the original homestead and soldier grant of Eustace Kingsep, the same being subject to a charge under the Soldier Settlement Act.

In this connection I beg to advise you that on the 14th May, 1927, certain additions were made to these entries due to lands accruing from the drying up of the waters of Cygnet Lake.

The existing entries may be described as follows:-

Homestead.- South half: South East quarter of North West quarter, and South half of North East quarter of legal subdivision 11 - 27.5 acres.

South West quarter: South half and North East quarter of South East quarter: West half of North West quarter of legal subdivision 12 - 22.5 acres.
Total, 50 acres.

Soldier Grant.- Legal subdivision 1: North East quarter of legal subdivision 2: North West quarter and South half of legal subdivision 7, and South half of legal subdivision 8.
Total, 100 acres.

It will be observed from the foregoing that certain additions were made to Mr.Kingsep's entry from the accrued areas in the two quarter-sections and, subject to advice to the contrary, it is assumed that the charge created under the Soldier Settlement Act is an effective charge in respect to the lands described. You might, however, report in this connection.

In connection with the charge created under the Soldier Settlement Act against the Homestead and Soldier grant of Gustave Ringsep, above mentioned, details of which will be found in the Schedule sent you recently, I am appending herewith an accurate description of the land in order that your records may be complete.

Under the circumstances, the existing entries may be described as follows:-

Homestead.- South half: South East quarter of North West quarter, and South half of North East quarter of legal subdivision 11 - 27.5 acres.

South West quarter: South half and North East quarter of South East quarter: West half of North West quarter of legal subdivision 12 - 22.5 acres. Total, 50 acres.

Soldier Grant.-

Legal subdivision 1: North East quarter of legal subdivision 2: North West quarter and South half of legal subdivision 7 and South half of legal subdivision 8.
Total, 100 acres.

These lands for the most part constitute the former bed of Cygnet Lake. The quarter-sections were originally fractional and as such were patented to the Canadian Pacific Railway Company on land subsidy account. However, as your records will no doubt show, allowance has been made for the ripurian claims of the present registered owner or owners thereof.

Soldier Settlement of Canada, Loan.

I beg to refer to the letter of the 30th ultimo addressed to you from the Director of Lands, Department of Lands and Mines, Edmonton, a copy of which was forwarded here, and particularly to the last paragraph of the same, and to advise you that pending the receipt here of an application from you for the right of way of the above mentioned transmission line and the filing of an approved plan of the same a note has been made in the records here that the lands mentioned above are affected by the said right of way.

As entries for the lands mentioned were made on the 14th June, 1919, by Eustace Kingsep, and as a loan of the Soldier Settlement of Canada stands as a charge against these lands which are under the control of the Dominion, it will be necessary for you to obtain from Mr. Kingsep a transfer of the lands required for the said right of way, any compensation to be paid therefor must meet with the approval of the Soldier Settlement of Canada, and is payable to that office to apply to the credit of the entrant in connection with the loan mentioned.

A fee of $3.00 will also be required by this Department for the registration of the transfer, if the same is found sufficient for the purpose for which it may be submitted.

A plan showing the said right of way across the said lands will have to be filed here and should bear the certificate of the Registrar concerned and the number under which it is recorded in the Land Titles Office. This plan will be examined by the Surveyor General, and if found satisfactory, will be recorded in this Department.

When the action outlined above has been completed this Department will be in a position, it is presumed, to issue a grant of the said right of way in favour of your Company, across the lands held under entry by Mr. Kingsep, which are as follows:-

S½, SE¼ of NW¼ and S½ of NE¼ of L.S. 11
SW¼, S½ & NE¼ of SE¼ & W½ of NW¼ of L.S. 12
LS 1, NE¼ of LS 2, NW¼ & S½ of LS 7, & S½ of LS 8
All in Sec. 25-38-1-W.5th M.

Your obedient servant,

H.E.Hume,
Chairman,
Dominion Lands Board.

Sir,

endeavour to purchase the said patented areas. No further information in this connection was received here.

A letter addressed to you dated the 20th March,1931, sets forth the lands which it had been decided should accurately describe the areas held under homestead and soldier grant entries by Mr. Kingsmen. These areas are the same as set forth in the departmental letter of the 10th ultimo addressed to C. H. Thomson, Esq., Registrar, Calgary Power Company, Calgary, a copy of which was forwarded to you. It will be seen that the areas held under the soldier entries of Mr. Kingsmen, set forth above, have been reduced by withdrawing certain patented parcels and adjoining lands affected by the riparian rights of the owners of these patented parcels.

On the 27th May,1908, there was patented to the Canadian Pacific Railway Company all that portion of said section twenty-five lying North of Bygmont Lake as shown on the township plan filed further. less. The portions of section twenty-five lying between the meander line and the areas held under entries by Mr. Kingsmen as described in the last paragraph of this letter passed to the Province by the transfer of the natural resources.

Your list of Soldier Settlement lands in the Calgary agency might be amended to show the following lands held under entry by Mr. Kingsmen as affected by a loan of the Soldier Settlement of Canada:-

N.½, S.E.¼ of S.W.¼ and S.½ of S.E.¼ of L.S.11
S.W.¼, S.½ and N.E.¼ of S.E.¼ and S.½ of S.W.¼ of L.S.12

By departmental letter of the 16th May.1917. instructions were given to the agent of Dominion Lands at Calgary to add to the said entries the following lands, provided he was aware of no reason to the contrary:-

It was found that certain very small areas of patented lands were included in the amended entries. MEMORANDUM.

MR. HUNT

Referring to your verbal request for a statement regarding the past practice of this Department in dealing with applications for right of way for Power Transmission Lines across Dominion Lands, I have examined the files and other departmental records dealing with applications for such right of way by several Companies.

In a general way the practice [illegible] for right of way for Power Transmission Lines has been similar to the practice in dealing with Railway right of way, that is, [illegible] Companies were required to file plans showing sufficient information to permit of an accurate definition of the [illegible] and the right of way in each parcel of land required. The plans, after [illegible] to be signed by a Dominion Land Surveyor and in all cases to be approved of by the Surveyor General and in no event to be [illegible] Land Agency Office.

In all cases where the right of way crossed lands [illegible] patent from the Crown of the Dominion, the applicant Company necessarily had to deal with the registered owners. In cases where lands had been disposed of by homestead or other entry but not patented, the applicant Company was required to file in the Department an assignment from the entryman accompanied by the usual registration fee of $2.00. In the case of vacant and available Dominion lands, a reservation was made in the departmental records in favour of the Company, pending the filing of the proper plan.

Amongst the first applications for right of way for Power Transmission lines to be dealt with were the application of the City of Winnipeg for a transmission line from points on the Winnipeg River to the City of Winnipeg and the application of the Winnipeg Electric Railway Company for a transmission line from a site on the Pinawa Channel of the Winnipeg River to the City of Winnipeg. As both of these transmission lines were considered to be of a permanent nature, serving the City of Winnipeg and interests located there, the Department, after due consideration, decided to patent the right of way to the applicants although, in the case of the Winnipeg Electric Railway Company's Power Line, the question of issuing a license of occupation instead of the patent was considered.

Although the lands required for the right of way of the transmission lines were conveyed to the applicants by Patent in these two cases, the main idea appears to have been to issue licenses of occupation to applicant Companies in the Prairie Provinces at least, and in the case of the Calgary Power Company licenses of occupation were issued in 1929 and 1930. The files and township plans dealing with the Calgary Power Company have been sent to the Province of Alberta, but according to the records of the Department available here it does not appear that any patents were issued to the Calgary Power Company for the right of way of its transmission line.

In

In the case of the Manitoba Power Company, which filed applications for right of way for two transmission lines one from Great Falls on the Winnipeg River southwesterly to Selkirk and the other from Great Falls northeasterly to the Central Manitoba Mining area, the Company was advised that when the proper plans were filed licenses of Occupation would be issued to the Company for right of way at an annual rental of $1.00 per acre, payable in advance, together with a license fee of $[illegible]. The transfer of the natural resources to the Province took place before any licenses of Occupation were actually issued.

The Manitoba Power Company Transmission Line to the Central Manitoba Mining area crossed pulpwood concessions, a forest reserve and several mineral locations. The Company was required to file surrenders from the holders of the pulpwood concessions as well as from those persons holding homestead or other entry for individual quarter sections crossed by the line. In the case of the forest reserve, the Company was required to satisfy the requirements of the Forest Service as to clearing and fire protection also [illegible], i.e., to the satisfaction of the District Forest Inspector.

In connection with the right of way for transmission lines over mineral claims, Mr. Pewett in the memorandum of [illegible], after carefully considered [illegible] the Deputy Minister of Justice. A copy of Mr. Pewett's [illegible] is attached.

A British Columbia [illegible] the province began by the filing of [illegible] and during all preliminary arrangements with engineers of [illegible] crossed by the transmission lines was the same as in the other [illegible].

In the case of the Yukon Power Company in British Columbia, the Company applied to purchase outright the lands required for the right of way of the transmission line and this was granted. An Order in Council was passed on the 14th February, 1945, authorizing the Minister to sell to the Company the land required for the right of way, subject to the Company paying the license dues for the merchantable timber cut on the right of way through timber berths, and permit dues on the right of way outside the timber berths.

MEMORANDUM.

M. T.N.R.-

List of sav for transmission line of Calgary Power Company, Limited, across parts of D.L. 4 & D.L. 5 [illegible] with petition being the easement and [illegible] grant previous [illegible].

The lands above described reside under the administration of this Department as a soldier settlement charge is registered against them.

Permett, Hannah and Sanford have forwarded here an agreement, in duplicate, of the land required for the right of way above mentioned (a.s.) a copy of signed by Mr. Kingsep and by the Director of Soldier Settlement, part of a blue print showing the right of way and a copy of a letter from the Soldier Settlement of Canada in regard to the case.

The easement in consideration of the sum of $100 paid to the Soldier Settlement of Canada releases to the Calgary Power Company, Limited, an easement of a right of way 30 feet wide across these lands for the Red Deer to Sylven Lake transmission line. The easement is to remain in force as long as the transmission line is in operation and the Company is to have the immediate and continuous right to enter upon the right of way to construct and maintain the transmission line.

In their covering letter Messrs. Bennett, Hannah and Sanford ask that we register the easement and return one copy to them. They also state it is their understanding that registration here will ensure that when patent is issued to Mr. Kingsep it will reserve the rights contained in the easement.

Mr. Cohoon has given his views in regard to the case in the memorandum of the 27th ultimo herewith.

As title to the right of way is in the Crown in the right of the Dominion and not with Mr. Kingsep, it would appear that the document furnished does not operate as a grant of the easement.

Mr. Cohoon observes as follows -

Even

"Even if the document were registered it would not be possible to effectually reserve the rights contained in the easement in the Letters Patent to be issued for the lands. This would be possible only if an easement or license of occupation were first issued to the Power Company by the Crown.

So far as the Department is concerned, the form of easement furnished can only be accepted apparently as evidence that the entrant and the Director of Soldier Settlement clear the way for the issue of an easement by the Crown.

There are two possible methods to deal with the situation:-

1. [illegible] the lands by vesting in the Director of Soldier Settlement of Canada. Then it may be possible for the Director of Soldier Settlement to execute an easement in favour of the Power Company in the prescribed form. Inasmuch as the settler has obtained a loan of more than $1,000, it is assumed that the lands will sometime be vested in the Board in due course. Before considering this method, however, it would be necessary to first ascertain from the Board whether it has power to execute such a document. Pending the vesting of the lands in the Board, the Company would not be disturbed in its occupation in view of the easement executed by the entrant.

2. The Department to obtain an Order in Council authorizing the issue of a license of occupation to the Power Company covering the right of way. If this action be taken it would scarcely be equitable to require the Company to pay a license fee of $10, or an annual rental, in view of the fact that it has paid the Board full value for the right of way. The sum of $100 has been paid in to the Board. If this method were adopted the right of way would not be excepted absolutely from the grant to be later issued for the entrant's lands; only the rights and liberties granted by the license of occupation with respect to the right of way would be excepted. In other words, the right of way would be included in the grant to the settler, but subject to the easement. If a license of occupation is to be issued by the Department it will be necessary to obtain a plan on tracing linen, bearing the Registrar's certificate, showing the particular part of the right of way in question, and such plan will require to be approved by the Surveyor General."

It has been the usual practice in the case of transmission lines which cross lands under entry to require the applicant company to file here a suitable plan of the right of way and an assignment from the entrant accompanied by the usual registration fee of $2. After obtaining the authority of Council a license of occupation is issued at a yearly rental of $1 per acre with a license fee of $10. A copy is attached hereto for your information in this connection of a memorandum prepared by Mr. Crem outlining the general practice in regard to transmission lines.

The

The Calgary Power Company, Limited, has paid the Soldier Settlement of Canada at the rate of $65.71 per acre in connection with the 2.45 required for the right of way and as title thereto is in the Crown and not with Mr. Kingsep it may be considered in order that Council should be asked to authorize the issue of a License of Occupation to the Company free of fees and annual rental.

A proper plan on linen will be required to prepare a description therefrom for insertion in the License of Occupation.

Endorsed on Mr. Gresley's memorandum of the 9th instant, on file 401,007 herewith, with respect to the above, your attention is called to the departmental solicitor's memorandum of the 22nd instant, hereunder.

Under the circumstances, the situation might be fully explained to the solicitors of the Calgary Power Company and they might be told that on receipt of a proper plan bearing the Registrar's Certificate and showing the right of way required over the above half section for the transmission line, the matter of the issue of a License of Occupation will receive immediate consideration.

In further reply to your letter of the 25th April last enclosing an easement in duplicate by Mr. Eustace Kingsep of certain rights and privileges in favour of the Calgary Power Company Limited on the above mentioned lands, I beg to say that as Mr. Kingsep is not the registered owner of the lands the said document does not operate as a grant of the easement.

This Administration is advised that even if the document were registered as requested in your letter it would not be possible to reserve effectually the rights contained in the easement in the Letters Patent to be issued later for the lands held by the said Kingsep. In order to protect the Company in this respect an easement or licence of occupation should first be issued thereto by the Crown.

As the Calgary Power Company Limited paid the sum of $160.00 to the Soldier Settlement of Canada for the rights and privileges desired on the 2.45 acre right of way affected by the transmission line, it has been decided to give immediate consideration to the issue of a License of Occupation to the Power Company covering such rights and privileges, without charge or rental, on this Department being furnished with a plan on tracing linen, bearing the Registrar's Certificate, showing the particular part of the right of way in question. Please forward the plan required.

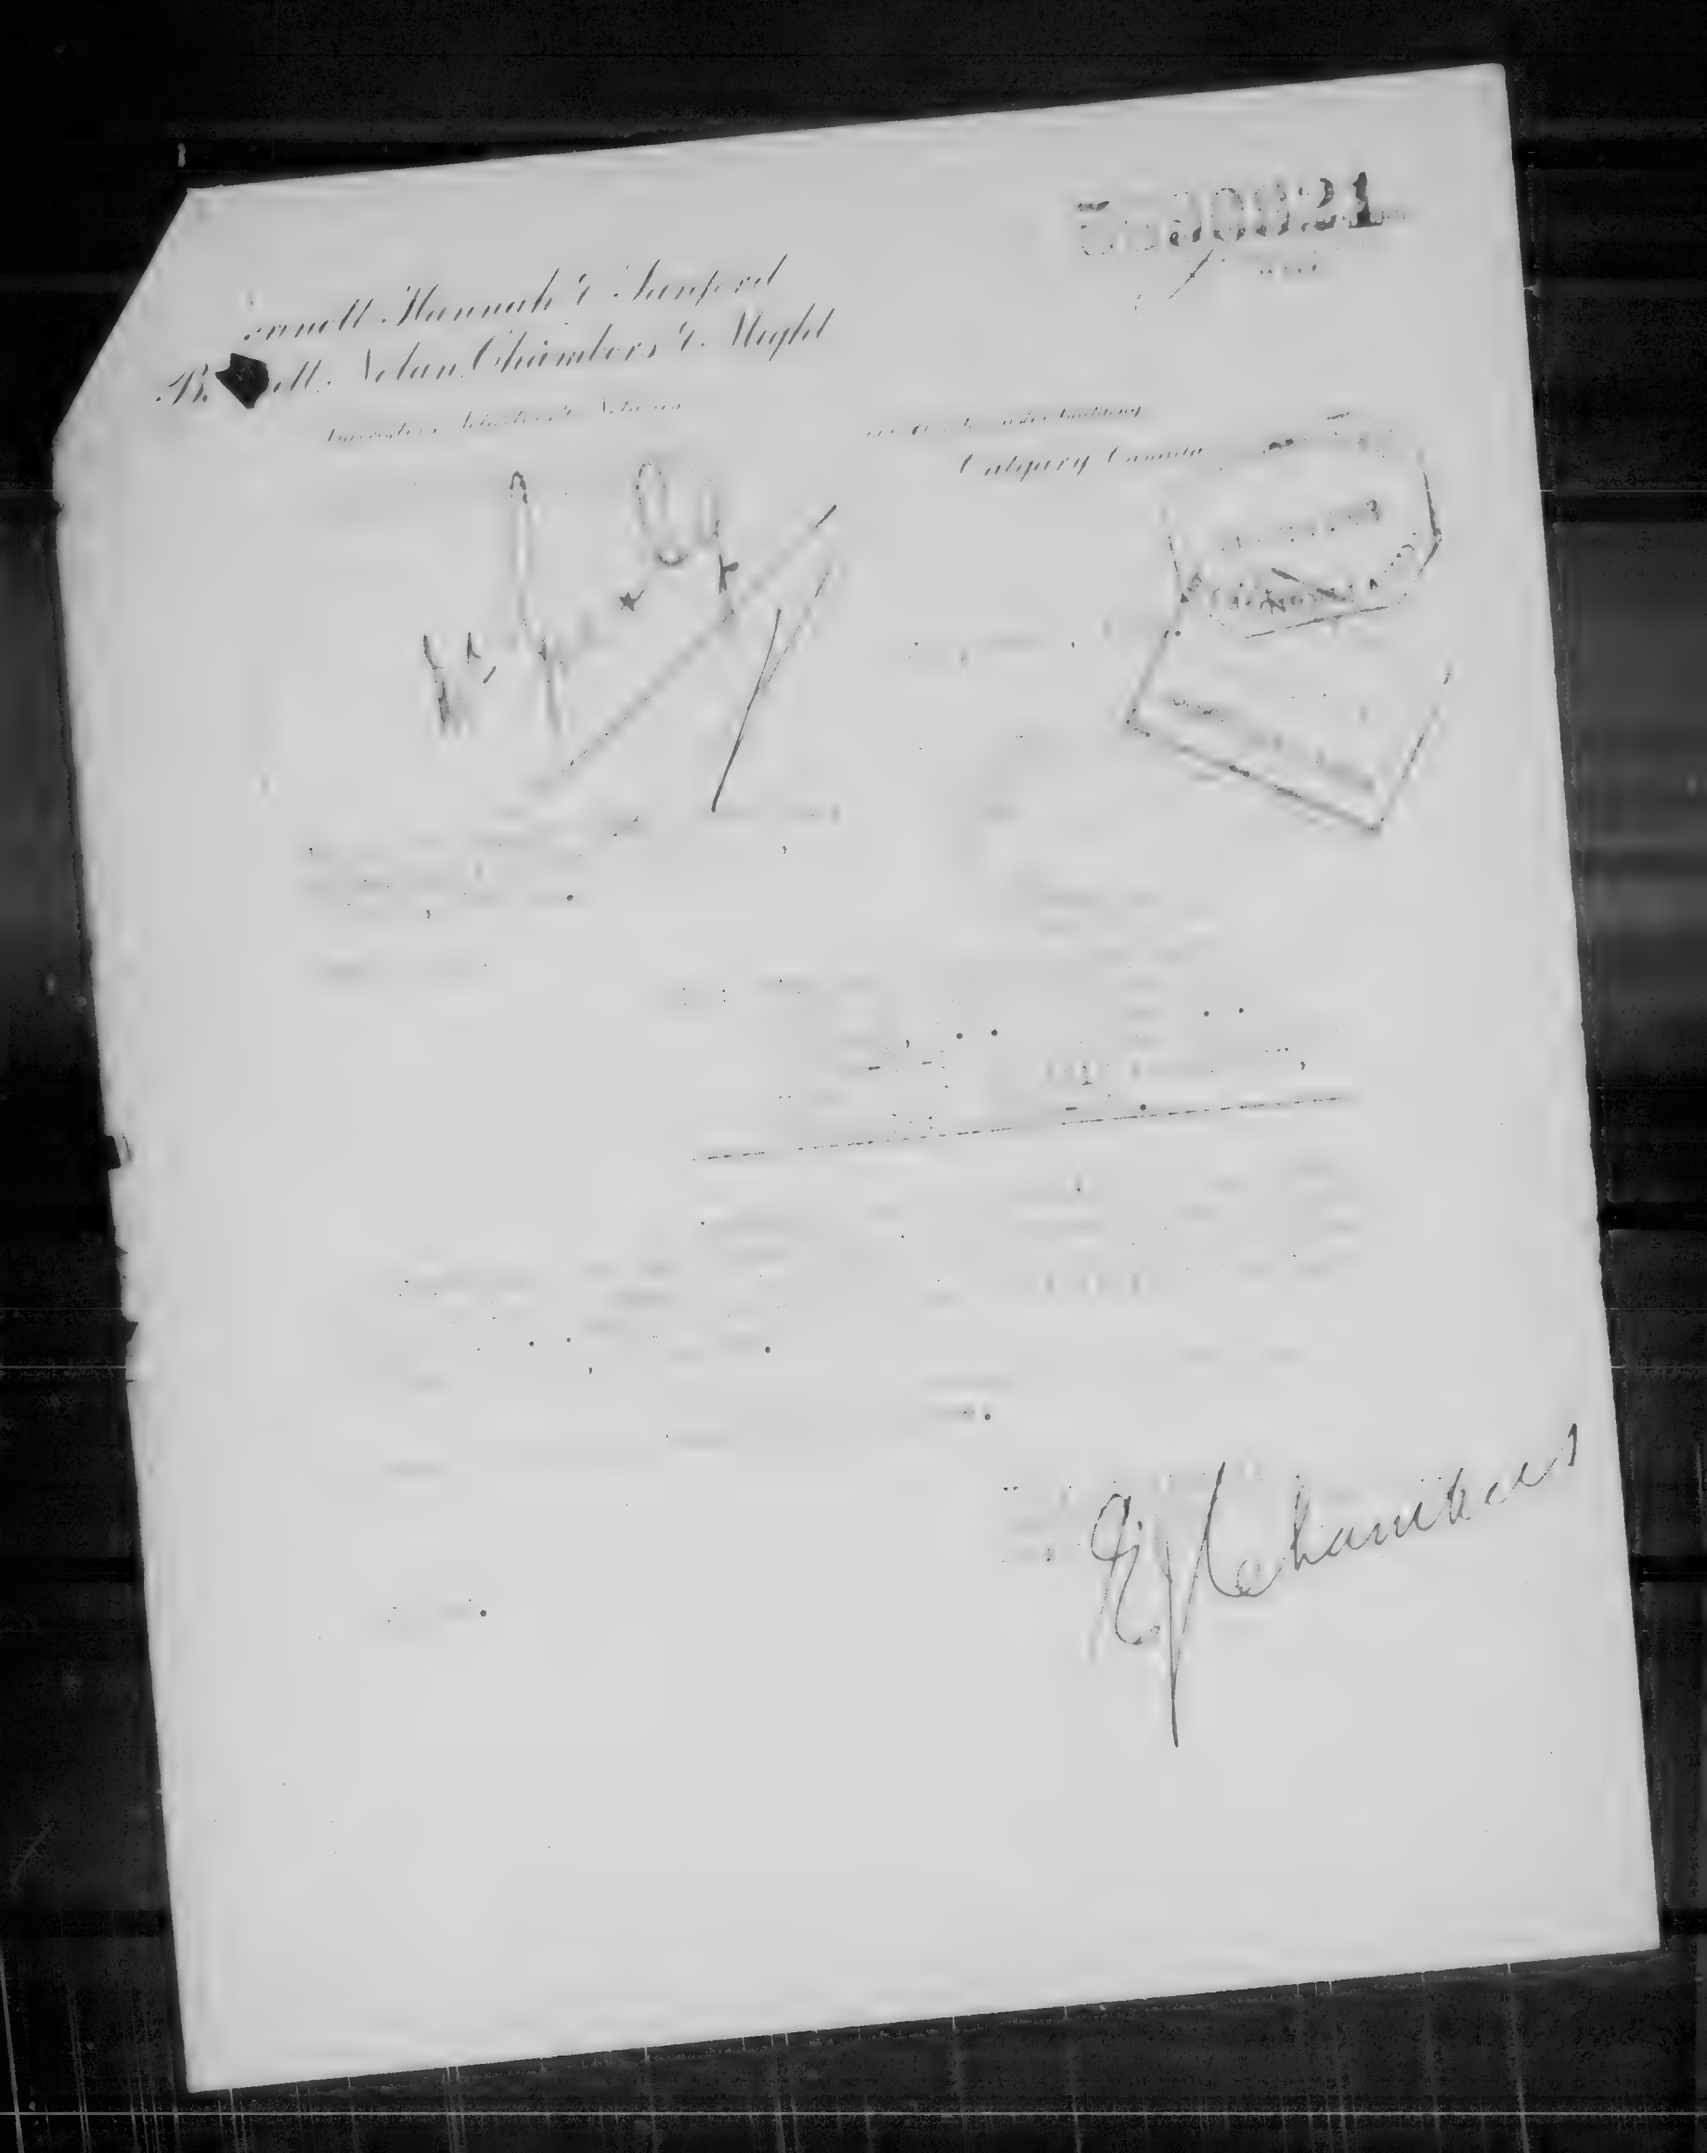

One copy of the easement is being placed on file here for purposes of record and the other copy is returned herewith.

The Deputy Minister.

Referring to your memorandum of September 27th with respect to a License of Occupation to be issued to the Calgary Power Company across Section 15, Township 38, Range 1, West 5th Meridian which, with the attached papers, is returned herewith; I may say that this right of way appears to be required in connection with a secondary line running westward from the Company's main transmission line from the Ghost development to Edmonton.

This easement has been secured from a soldier settler; before the transfer of natural resources this Department held that unpatented soldier settlement lands were not subject to expropriation and that, therefore, the Company must deal with the soldier settlement board.

This procedure appears to have been followed in the present case, that is to say, the Company has secured the necessary easement from the settler and the board has now applied to this Department for a license of occupation for the area covered by the easement. The draft license, memorandum to Council and precis prepared by the Dominion Lands Administration appear to be entirely satisfactory for this purpose.

Respectfully submitted,

H. H. Rowatt, Esq.,
Deputy Minister of the Interior,

Ottawa,

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL

The undersigned has the honour to report that application has been made to the Department of the Interior on behalf of the Calgary Power Company, Limited, for a License of Occupation for the purpose of a power transmission line, covering a right of way of 2.45 acres, more or less, across the North West and South East quarters of Section 26, Township 38, Range 1, West of the 5th Meridian, in the Province of Alberta, as such right of way is shown on a plan on record in the Department of the Interior under No. 3880F.

The lands affected by the right of way applied for, which are included in the homestead and soldier grant entries of Mr. Eustace Kingman, remained under Federal administration by virtue of Section 13 of the Alberta Natural Resources Agreement, since advances had been made to the settler on the security of the lands under the provisions of the Soldier Settlement Act.

The aforementioned right of way is available for inclusion in a License of Occupation in favour of the applicant company by reason of the fact that the settler and the Director of Soldier Settlement have jointly executed a form of agreement whereby they relinquished their interest in the rights desired. The company has paid to the Director of Soldier Settlement the sum of $160.00 for the benefit of the settler as consideration for the release of such interests.

Under the circumstances the undersigned begs to recommend that authority be granted for the issue of a License of Occupation subject to the usual conditions, in favour of the Calgary Power Company, Limited, free of charge, covering the aforementioned right of way for such term as the company continues to operate its power transmission line across the same.

Respectfully submitted,

Minister of the Interior.

1933
D.

Ottawa, 25th September, 1933.

Precis for the Clerk of the Privy Council.

The Memorandum to Council herewith recommends that authority be granted for the issue of a License of Occupation to the Calgary Power Company, Limited, for the purpose of a power transmission line on a right of way of 2.45 acres, more or less, across the portions of the North West and South East quarters of Section 25, Township 32, Range 1, West of the 5th Meridian, under homestead and soldier grant entries to Mr. Gustave Kingsep, as shown on the accompanying sketch.

As the settler had obtained advances from the Soldier Settlement of Canada, the lands referred to remained under Federal administration by virtue of Section 13 of the Alberta Natural Resources Agreement. In consideration of the sum of $160.00 paid to the Soldier Settlement of Canada by the company, Mr. Kingsep and the Soldier Settlement of Canada have jointly relinquished their interest in the rights required on the right of way for the purpose of constructing and maintaining the transmission line.

Being the owner of the lands under entry to Mr. Kingsep, it is necessary that the Crown issue a License of Occupation covering the right of way in order that the company's interest therein may be effectually reserved in the letters patent to be issued in due course for the said lands.

The $160.00 paid to the Soldier Settlement of Canada is considered to be full value for the rights and privileges required on the 2.45 acre right of way, and therefore the Memorandum to Council herewith asks for authority to issue a License of Occupation to the company, free of charge.

A copy of the proposed License of Occupation is attached.

Dear Sir:

Re: Prac. N.W. 25-33-1-4th M. Homestead.
Prac. S.W. 25-33-1-4th M. Soldier Grant.
Surface Rights.

I have your letter of the 1st instant to the effect that you have received a communication from the District Superintendent of the Soldier Settlement at Calgary, advising that the entrant has performed very little in the matter of duties towards obtaining patent for the homestead and soldier grant entries, the lands above described. The reports are noted that the land is not suitable for cultivation purposes.

It is hard to establish from our records here exactly what duties Mr. Clawson has performed. It is noted, however, that you wrote the District Superintendent on the 16th November, 1931, relative to a report received from a field supervisor as to the duties performed by the entrant. The last paragraph of your letter is as follows:

"It is noted that the entrant has not complied with the regulations regarding stock and that he has not a sufficient number of stock in his possession at present to prove up under the stock clause."

If it is the intention to prove up under the stock clause of the Act it will be necessary for the homesteader to show that he has owned the following stock:- during the first year - five head; during the second year - ten head; during the third year and in each of the subsequent years to the date of his application for patent - sixteen head.

Substantial buildings must also be erected for the accommodation of the stock and the land must be enclosed by a suitable fence.

I might add that in the case of a quarter-section having a smaller area than 160 acres the number of stock required to be owned and kept thereon may be proportionately reduced; the stock to be kept on the land for either summer grazing or winter feeding.

Yours it.....

Agent of Dominion Lands,
Edmonton, Alberta.

As it would appear that the homestead and soldier grant entries of Mr. Kingman are not full quarter-sections the reduction of the number of stock required in his case will apply.

Of course it is understood that the same stock may not at the same time be used for the purpose of earning patent for the homestead and patent for the soldier grant.

I am forwarding a copy of this letter to the Director of Soldier Settlement in this City. Please examine the entries with the contents of this letter.

Yours very truly,

F. Lane Turner.

re: [illegible]

Dear Sir:-

Letter of the 14th instant, entitled as above.

In reply to your inquiry in the second paragraph of your letter, I might say that this Settler has never filed a formal application for patent to the above described lands which were taken as collateral security by this Department to [illegible] purposes on behalf of the Soldier pursuant to the Soldier Settlement Act of 1919.

This Settler has repaid his loan in full for some time, but it was our wish that he be afforded ever opportunity to secure patent for the above described lands.

In view of the contents of the letter of September 3rd, 1948, from our District Office at Edmonton, I would please request that our registered charge be released against the above described land so that the Settler will be in a position to make application for patent thereto.

Yours very truly,

Registrar,
Land Titles Office,
Calgary, Alta.

Dear Sir:

With reference to letters which are being prepared regarding the Fractional South East and North West Quarters of Section Twenty-five, Township Thirty-Eight, Range One, West of the Fifth Meridian, it is necessary to determine the area occupied by the Calgary Power Company easement on the two portions of the lands to be patented.

In the Fractional South East Quarter the parcel to be conveyed is composed of legal sub-division One, the North East Quarter of legal sub-division Two, the North West Quarter and the South Half of legal sub-division Seven and the South Half of legal sub-division Eight, whereas in the Fractional North West Quarter the land to be conveyed is composed of the South Half, the South Half of the North East Quarter, the South West Quarter of the North West Quarter of legal sub-division Eleven, the South West Quarter, the West Half of the North East Quarter, the East Half of the South East Quarter and the South East Quarter of the South West Quarter of legal sub-division Twelve.

The description on record in this office, which was included in the license of occupation to the Power Company, states that the area concerned amounted to Two and Forty-Five Hundredths acres, more or less, whereas in the memoranda forwarded from your office you advise that the total area of the right of way on both patented and unpatented land consisted of 2.11 acres in the South East Quarter and .84 of an acre in the North West Quarter. In order that the patent may be acceptable to you, would you please advise me as to what the acreage should be in each Quarter Section.

Yours very truly,

G.E.B.Sinclair.

OTTAWA - September 18th, 1924.

THE HONOURABLE CHARLES STEWART,
Minister of the Interior,

MEMORANDUM:

Request for Transfer of Dominion Lands.

Re: Wilbert Duport, #500520.
S.E.¼ 9-72-12-W.6th M. - Hsd.
N.E.¼ 5-72-12-W.6th M. - S.G.

The above named settler secured advances from the Board for Stock and Equipment, totalling $930., the Board taking a charge upon his unpatented homestead and soldier grant above described. Owing to such charge, patent to the homestead and soldier grant cannot be issued to the settler until his indebtedness to the Board has been fully discharged.

We are now in receipt of an application from Mr. Duport, requesting that patent to his homestead and soldier grant should be issued in favour of the Board. Mr. Duport states that he has completed all duties in connection with his homestead and soldier grant and would be entitled to receive patent therefor were it not for our charge. This is confirmed by the letters from the Secretary of the Department to the settler, dated 15th September, 1924, copies of which are attached hereto.

In order to enable a settler to negotiate a sale of land in cases of this character, special Regulations were promulgated by the Board as approved by the Governor in Council on the 4th day of June, 1921, (P.C.1321), which enables the Minister, on completion of duties by the settler and on the request of the Board, to vest the settler's right, title and interest in the unpatented land held by him in the Board, title remaining in the Board until the settler's indebtedness to it has been repaid. Under the provisions of these Regulations, the Board hereby requests that the right, title and interest of His Majesty in the S.E. 9 and N.E. 5-72-12-W.6th M. be vested in the Soldier Settlement Board. The Vesting Order covering same is attached hereto for the Minister's signature.

Respectfully submitted.

Dear Sir:-

Ref: South half of South half of Sec.10-9-26,W.4.

A part of above land has been occupied and fenced by the late W.A.Jackson, about 30 years ago. He died last October, leaving his wife resident on the property. I am married to her only daughter and both are living together while I am in the army, which I joined June 8th, 1915.

I would like to know if this property could be released by you to the Department of the Interior, so as it can be homesteaded. There are many improvements on the property and I would be glad to know if you desire to retain it for Police purposes.

I am,

Yours faithfully,

When the report of the Commissioner of the Royal North West Mounted Police is received, will you please submit a statement for the information of this office.

Sir:-

Referring to Lt. J.C.Hood's letter to the Comptroller forwarded to me by your minute of the 8th instant, I have the honour to report that the South Half, of the South half of Section 10-9-26 is a piece of our Reserve situated West of the Barracks and of our present fenced in pastures. It is not fenced in, part of it which goes to the C.P.R. right of way is on the gravel plateau, and useless except for pasturage. The Pincher Creek Trail passes through it. The greater part of it however is in the river valley, and is good pasture ground. The late Mr. W.A.Jackson owned the part of that Section North of ours, but has had for some years part of his fence encroaching on our reserve.

We are not using this piece of ground at present, but it would be valuable, if at a future date the Government required more extensive ground for Military, or other purposes. The Reserve around our Barracks has been greatly reduced in late years by pieces being made over to the C.P.R. and to the town of Macleod.

I attach a sketch which gives an idea of the situation.

I have the honour to be,

Sir,

Your obedient servant,

To His Excellency

The Governor General in Council.

The undersigned has the honour to report that application has been made to the Department of the Interior by the Canadian Pacific Railway Company to acquire, for ballast purposes, a lease of certain portions of local subdivisions 13, 14, 15 and 16, section 1, township [illegible] Plan of the Attertion, in the province of [illegible], containing [illegible] acres more or less, in the province of [illegible] as shown on a plan of survey thereof [illegible] and for such purposes [illegible] order in council dated the [illegible] day of [illegible] 1925, was authorized as follows:-

[illegible] December, [illegible] Interior under [illegible] half of the northwest quarter of [illegible] west quarter of the northeast quarter of [illegible] fifteen, the south half, the northeast quarter and the [illegible] half of the northwest quarter of the said section fifteen, subdivision fourteen of the said section and the southeast quarter and the south half of the southwest quarter of [illegible] section [illegible] in the agreement together thirty-three and five hundredth acres more or less.

[illegible] Police has given his consent to the area required by the applicant company being withdrawn from the police reserve, and the undersigned [illegible] to recommend therefore that [illegible] comprising [illegible] acres more or less, be withdrawn from the [illegible] police reserve to create [illegible] the [illegible] and [illegible], referred to, [illegible] quarter [illegible] available for disposal under the provisions of [illegible] Land Act.

The undersigned begs to observe [illegible] this regard that the quarrying regulations established by orders in council of the 11th May, 1910, and the [illegible] and amending orders in council, under which [illegible] is proposed to issue a lease of the lands in question to the applicant company, provide among other things that a quarrying location shall include parts of two [illegible] subdivisions only, also that the whole area shall not exceed

one-half

one-half mile in its greatest dimension, nor the length exceed twice the breadth. The shape of the area applied for is not in strict conformity with the requirements of the quarrying regulations, but nevertheless the undersigned is of the opinion that the application for a lease in this instance should be given favourable consideration, and he therefore begs to recommend further that he be authorized to issue a lease of such land to the Canadian Pacific Railway Company for quarrying purposes on the terms and conditions provided by the regulations in that behalf.

Respectfully submitted,

Minister of the Interior.

Statement to accompany memorandum to Council, dated 14th October, 1925.

Reporting that application has been made to the Department by the Canadian Pacific Railway Company to acquire for railway purposes a large of certain portions of legal subdivisions 10, 14, 15 and 16, section 3, township 9, range 26, west of the 4th meridian, containing 3 acres more or less, which property is included in a tract of land reserved for Mounted Police purposes by Order in Council dated 19th March, 1917 (P.C. 721).

Recommending that the said land be withdrawn from the Mounted Police Reserve in order that it may be available for disposal under the provisions of the Dominion Lands Act, also that authorization be granted for the issue of a lease of the land to the Canadian Pacific Railway Company for quarrying purposes on the terms and conditions provided by the regulations in that behalf.

The Commissioner of the Royal Canadian Mounted Police has given his consent to the area required by the Railway Company being withdrawn from the Police Reserve.

It is necessary to obtain the authority of Council for the issue of a quarrying lease in this instance inasmuch as the shape of the area applied for is not in strict conformity with the requirements of the quarrying regulations.

his widow and only daughter resident on the property.

Lieut. James Hood of the Royal Engineers married Miss Jackson subsequently. In September, 1918, Mr. Hood made application on behalf of his wife to acquire this land but on the matter being referred to the Commissioner of the Royal North-west Mounted Police, the following report was submitted:-

"The South Half, of the South half of Section
"10-9-26 is a piece of our Reserve situated
"west of the Barracks all of our present fenced
"in pasture. It is not fenced in, part of it which
"goes to the C.P.R. right of way is on the gravel
"plateau, and useless except for pasturage. The
"[illegible] Creek [illegible] passes through it. The greater
"part of it however is in the river valley, and if
"used at all would be for pasturage. The late Mr. W. Jackson cultivated a [illegible]
"part of that section West of this, but I think
"the [illegible] part of the land [illegible] on the
"river some years past of the fence [illegible]
"Reserve.
"We are not using [illegible] of ground at present,
"but it would be valuable at future date for
"any [illegible] extensive ground for mili-
"tary [illegible] required [illegible] extend our
"Barracks, or other buildings. The [illegible] property
"[illegible] has been recently reduced in size by
"[illegible] being sold over to the C.P.R. and to the town
"of Macleod."

On the basis of this report, Lieut. Hood, who was then on active service, was informed in London, England, that his request could not be granted and the status quo has been maintained since.

Before further considering the present application on behalf of Mrs. Hood, it is suggested that the Department obtain a report from the Royal Canadian Mounted Police as to whether the South half of the South half of Section 10, Township 9, Range 26, west of the 4th Meridian, or any part thereof, is required for police purposes at the present juncture, and, if not, whether they would consent to release the land from reservation in order that the claims of the estate of the late Walter A. Jackson may be considered. Should the police consent to release this land, they might be also willing to surrender the irregular portions of the North half of Section 3 remaining to them, as if these fractions are not being used for any specific purpose there is apparently no reason why the reservation thereof should not be withdrawn. With regard to the portion of the North west quarter of Section 2, formerly leased to the town of Macleod, it may be stated that the reservation of this land for police purposes still stands, although the area is not shown on the sketch as coloured in green. There was some uncertainty about the reservation in view of the Order in Council of the 26th February, 1912, P.C. 324, but this Order in Council relates solely to Section 11 and was not intended to cancel the balance of the reserve, although it might quite properly be so inferred from the wording thereof.

Memorandum:

Re South half of South half

comprising 160 acres, less roads.

The Deputy Minister has called for a report in reference to a communication received by the Minister on behalf of Mrs. James Hood in respect to acquiring the land above mentioned by purchase at a nominal price.

In support of the application it is stated that the land is composed of river bottom, with no cultivation except a small garden, being otherwise mostly scrub and gravel. The petition is further asked should the Department be unable to allow Mrs. Hood to purchase, whether she might be given the right to dispose of the hay and seeds on the property.

As an extremely complicated case owing to the many and varied positions made of the land transactions. Be[illegible] obtain any clear idea of the matter that it was necessary to obtain a comprehensive sketch illustrating the case. This was entailed search of the records which the able sketches prepared by Mr. Harry Corry of the Technical Division give no idea of, which will account for the delay in submitting the case.

Sketch "B" herewith illustrates the position of affairs fully and in explanation thereof it may be stated that the area outlined in yellow consists of the original North-west Mounted Police Reserve at Fort Macleod, established by Order in Council of the 19th March, 1887, P.C. 531. Various withdrawals have been made from time to time since by Orders in Council, the land now remaining under reservation for police purposes being shown coloured in green which, it will be observed, includes the South half of the South half of Section 10, Township 9, Range 26, west of the 4th Meridian, hatched in black over green. The present barracks are located about the middle of the East half of Section 11, as shown on Sketch "A" and it is understood that the police force are using the balance of Section 11 remaining to them for pasture or other purposes, it being further understood that such land is fenced.

Having made this explanation, we will turn to a consideration of the claims of Mrs. James Hood.

It is represented that the South half of the South half of Section 10, Township 9, Range 26, west of the 4th Meridian, although the land in the Deputy Minister's memorandum is described as the South west quarter of Section 10 in the said Township, was occupied and fenced about forty years ago by the late Walter A. Jackson, who at one time was a member of the Royal Canadian Mounted Police. Mr. Jackson died in October, 1917, leaving

Mr Harvie
Please find report
regarding

21st August, 1928.

To His Excellency
The Governor General in Council.

The undersigned has the honour to report that the Commissioner of the Royal Canadian Mounted Police, Ottawa, has represented to the Department of the Interior that Legal Subdivisions 3 and 4, Section 10, Township 9, Range 26, West of the 4th Meridian, comprising eighty acres, which are included within the Mounted Police Reserve at Macleod, Alberta, are no longer required for police purposes. The Mounted Police Reserve at this point was established by Order in Council dated the 19th March, 1887, P.C.531.

In the circumstances the undersigned begs to recommend that Legal Subdivisions 3 and 4, Section 10, Township 9, Range 26, West of the 4th Meridian, aforesaid, be withdrawn from the Mounted Police Reserve as created by the Order in Council of the 19th March, 1887, referred to, in order that the land, less the surveyed roadway crossing the same, may be available for disposal under the provisions of The Dominion Lands Act.

Respectfully submitted,

Minister of the Interior.

Statement to accompany Memorandum to Council dated the 21st August, 1928.

It is recommended that Legal Subdivisions 3 and 4, Section 10, Township 9, Range 28, West of the 4th Meridian, comprising 80 acres, be withdrawn from the Macleod Mounted Police Reserve established by Order in Council of the 19th March, 1887, P.C. 331.

The Commissioner, Royal Canadian Mounted Police, Ottawa, has represented that this area is no longer required for police purposes.

21st August, 1918.

Dear Mr. McDonald,

In the absence of the Minister I have your letter of the 6th ultimo with respect to the desire of Mr. John Pringle to acquire Legal Subdivisions 3 and 4 of Section 10, Township 9, Range 28, West of the 4th Meridian, which land is at present within the Macleod Mounted Police Reserve.

In reply I may say that since this land is no longer required for police purposes a report is being submitted to the Governor in Council recommending the withdrawal of the parcel from the Police Reserve.

The Department is in receipt of other applications for the area in question, and instructions are being issued to have an officer of the Department visit the property and report fully on the several applications.

Your representations in behalf of Mr. Pringle will be given due consideration when the report comes to hand. You will be informed departmentally in due course of the decision which may be reached with regard to the disposal of the land.

Yours very truly,

J. F. McDonald, Esq., K.C.,
Macleod,
Alberta.

21st August, 1928.

Dear Mr. Fawcett,

I have your letter of the 31st ultimo with respect to the desire of Mrs. Jessie Hood to acquire by purchase or lease Legal Subdivisions 3 and 4, Section 10, Township 9, Range 25, West of the 4th Meridian, which land is at present within the Macleod Mounted Police Reserve.

In reply I may say that the Commissioner of the Royal Canadian Mounted Police has consented to the release of this land from the Police Reserve, and that action is about to be taken to obtain the necessary Order in Council effecting the withdrawal of the parcel from the Reserve.

The Department is in receipt of other applications for the area in question, and instructions are being issued to have an officer of the Department visit the property and report fully on the several applications.

Your representations in behalf of Mrs. Hood will not be overlooked when the question of the disposal of the land is being finally dealt with. I will write you again upon receipt of the report on the land.

Yours very truly,

John L. Fawcett, Esq., LL.B.,
Macleod,
Alberta.

21st August, 1928.

Dear Mr. Bennett,

In the absence of the Minister I have your letter of the 1st May, relative to the desire of Mrs. James Hood to purchase a parcel of land at present within the Mounted Police Reserve at Macleod, Alberta, upon which her late parents, Mr. and Mrs. Walter Jackson, resided for many years and made improvements. It appears quite evident from our records that the land Mrs. Hood wishes to acquire is the South half of the South West quarter of Section 10, Township 9, Range 26, West of the 4th Meridian, less roadway.

I may say that Commissioner Starnes has written us stating that this area is no longer required for Mounted Police purposes. Accordingly, Council is being asked to sanction the withdrawal of the parcel from the Police Reserve.

In the meantime we are having an officer of the Department visit the land in order to furnish a careful report on Mrs. Hood's application. We are in receipt of other applications for this parcel, and these will be dealt with at the same time.

I assure you that the most favourable consideration possible will be given to Mrs. Hood's application. I will write you again on receipt of the report on the land.

Sir:

Re: L.S.'s 3 and 4, Sec.10-

Lease Expiry.

The above described land is at present included in the Macleod Mounted Police Reserve, but as the parcels are no longer required for police purposes action is being taken to obtain an order in Council withdrawing the land from the Police Reserve.

Applications to acquire this property have been received from the following parties;-

1. Mr.John L.Fawcett, Barrister, Macleod, Alberta, on behalf of Mrs.Jessie Hood.
2. Mr.J.S.McDonald, Barrister, Macleod, Alberta, on behalf of Mr.John Pringle.
3. Mr.J.S.Toogood, Macleod, Alberta.

Regarding the first mentioned application, it may be mentioned that Mrs.Hood is the daughter of the late Walter Jackson, an old Staff Sergeant of the Mounted Police, who made improvements and lived on the land in question along with his family for a great many years. Mrs.Hood is desirous of acquiring the land for sentimental reasons as well as to protect the buildings on the property. She wishes to purchase the land or alternatively secure it by lease.

With respect to the application of Mr.Pringle, it is pointed out by Mr.McDonald that this man homesteaded and lived on Fractional Legal Subdivisions 5 and 6 for six years. These two Fractional Legal Subdivisions were patented to Mr.Pringle as a homestead in September,1915. It is not stated in what manner Mr. Pringle wishes to acquire the property but presumably he wishes to purchase.

R.B.Matheson, Esq.,
Assistant Commissioner
of Dominion Lands,
Edmonton,Alta.

Mr.....

Mr.Toogood wishes to lease the two Legal Subdivisions in question for pasture purposes. He claims that he purchased certain adjoining land from the late Mrs.Jackson.

Will you be good enough to have Mr. Bannerman visit the land in question and furnish a careful report on the respective merits of these conflicting applications. The report should contain a statement as to the value per acre of the land as well as the value and condition of the improvements on the property. It would be well for Mr.Bannerman to interview Mr.Fawcett as well as Mr.McDonald and Mr.Toogood.

As the Department is being pressed to render an early decision with regard to the disposal of the land in this case, it is desired that Mr. Bannerman should attend to the matter without delay.

Your obedient servant,

Acting Commissioner.

Memorandum.

Mr. Martin.

Mr. J. A. McDonald, K.C., Macleod, Alberta, asks in the attached letter that the claim of Mr. John Pringle to Legal Subdivisions 3 and 4 of Section 19, Township 7, Range 30, West of the 4th Meridian, be favourably considered. Mr. McDonald is of the opinion that Mr. Pringle should have the benefit of precedence in the matter of getting the land as he homesteaded the remaining portion of the quarter-section and spent a great many years on it under adverse circumstances trying to make a living out of it.

Applications to acquire this property have been received from the following parties:-

1. Mr. John L. Fawcett, Barrister, Macleod, Alberta, on behalf of Mrs. Jessie Hood.
2. Mr. J. A. McDonald, Barrister, Macleod, Alberta, on behalf of Mr. John Pringle.
3. Mr. J. S. Toogood, Macleod, Alberta.

Mrs. Hood is the daughter of the late Walter Jackson, an old Staff Sergeant of the Mounted Police, who made improvements and lived on the land in question along with his family for a great many years. Mrs. Hood is desirous of acquiring the land for sentimental reasons as well as to protect the buildings on the property.

Mr. Pringle

Mr. Pringle wishes the land for the reasons stated by his solicitor.

Mr. Toogood desires to lease the two legal subdivisions for pasture purposes. He claims that he purchased certain adjoining land from the late Mrs. Jackson.

The whole matter has been referred to the Assistant Commissioner of Dominion Lands, Edmonton, for investigation and report, and according to a telegram from him, the investigation will be made by Mr. Bannerman on the 15th instant. As soon as the report is received it will have immediate attention and will be submitted for decision.

Memorandum.

Mr. Turner.

Re former R.C.M.P. Reserve, Macleod, Alberta, in Tp. 9-26 W.4th Mer.

In the memorandum of the 17th instant beneath, the Deputy Minister requests an outline of all the applications that have been received to purchase property or buildings in the reserve mentioned above and just what disposition has been made of them.

The applications and their standing follow:-

1. 1.1 acres in L.S. 1 of Sec. 10-9-26 W. 4th M. was withdrawn from the Reserve and leased to the C.P.R. Co. for 10 years from 9th April, 1930. It passed to the Province by the transfer of the resources. File 4025454.

2. The Deputy Minister of Public Works, Edmonton, wired on the 10th January, 1930, requesting that the portion of Section 3, lying south of the Canadian Pacific Railway, Main Line, part of L.S. 1 of Section 10, and part L.S. 16 of Section 3, East of Highway, be reserved for gravel for the Province for highway construction. He was advised on the 27th January, 1930, that a reservation was noted in favour of the Province against the unalienated lands which will continue to stand pending the transfer of the natural resources. File 4025454.

3. Toogood Brothers, per J. R. Toogood, applied on the 21st November last to lease or purchase L.S. 2 of Section 10 (37.78 acres exclusive of road). A report dated 2nd January, 1936, in this connection has been supplied by the Constable in charge of the Macleod Detachment to the effect that Toogood Bros. have erected a filling station and 5 tourist cabins covering approximately 1 acre in Legal Subdivision 2, which land they desire to purchase. They are also willing to lease or purchase all Legal Subdivision 2. There are no other improvements on this land. The approximate current value of the land is given at $5 per acre.

This application has not received considera-

Section 11,

ection 11, School Lan .s.

(All the buildings belonging to this Department are on Section 11.)

(4) The Macleod Golf Club expres.ed its de.ire in a letter dated 23rd April, 1929, to retain the use of the grounds on which it has spent money and which it has used for many years. The President of the Club was advised that the Department was making a careful note of his representations so that the question of leasing the land to the Club would not be overlooked. No further action has been taken a.parently. The area was originally loaned rent free by the R.C.M.P. to the Golf Club.

(5) A. F. Grady enquired on the 18th F brury, 1930, whether any of the buildings are for sale, especially the Recreation Room (Building J , value $75), and the Sergeants quarters (probably Building N, value $50). He was told on the 3rd M rch, 1 , that his enquiry would be borne in mind when the question of disposal of the buildings is being iven consider tion.

(6) J. Orr a.plied on the 1st July, l , to lease the land t t joins Macleod on the west and that used to belong to the R.N.W.M.P. he was advised de.art entat ly t t the De.artment is not prepared to consider his applic tion f vour bly at the .r.ent time but that he should apply to the .r vince after the transfer of the natural resources.

(7) John McIvor, Sr., applied on the 5th November, 1931, to lease this Reserve for gr zing. He was informed that the matter of the disposition of this pro.erty was engaging the attention of the Department and that he would be advised when a decision was reached.

(8) J. Allan applied on the 17th October, 1 32, for the Scouts quarters, Building "A", value $10. He was advised that the matter of dis.osing of the buildings on the Reserve was eng ing the attention of the De.artment and that he would be advised when a decision had been reached.

(9) In a letter dated 18th November, 1932, the Deputy Minister of Lands and Mines, Edmonton, stated that commitments have been made by the Province in respect of the area that has been within the Police Reserve.

This De.artment has been unable to obtain from Mr. Harvie any information regarding such commitments.

(10) Certain buildings ha e been in use by the Department of National Defence. Those in use are designated as Buildings A, E, F and K, according to Police Inspector Duncan's report dated 17th August, 1 33, and a letter from Public Works Department dated

1 th

19th March, 1934. They are being occupied by the 93rd Battery, C.A., Macleod, on condition that they will be vacated if required by this Department.

(11) Albert Swinerton applied in April, 1934, to purchase the bowling alleys in Building "I", then in September, 1934, changed his application to include the Building "I", which was valued by the Police at $200. The Province requested that these matters be allowed to stand until the report of the Natural Resources Commission was made. The Minister gave instructions endorsed on the memorandum of the 27th September, 1934, to let the matter stand.

(11b) Colonists Service Association, Lethbridge, per Henry Schwartz, applied for the said Bowling Alleys (in Building "I") on the 23rd July, 1935, and has enquired again in on the 22nd August, 27th September and 30th December last. The Deputy Minister gave instructions to refer the file to him again when Mr. Marvie had replied to our letter enquiring as to the commitments made by the Province. Mr. Marvie has not replied. He stated in a letter dated 3rd October last that he had an application for land in Section 11.

(12) The Canteen Building, designated "G" was sold to St. Anire's Church, Macleod.

13) Mr. Marvie, Deputy Minister of Lands and Mines, Alberta, requested in a letter dated the 3rd October last that if this Department still maintains that the lands in this Reserve are retained by Canada under Section 18 b) of the Alberta Natural Resources Agreement, that it kindly proceed to transfer this Reserve to the Province. He stated that he had received an application for land in Section 11. He was reminded that he had not informed this Department in compliance with several requests concerning what commitments have been made by the Province, and it was suggested that he do so, but he has not replied.

(14) R. H. Murstia, Granum, Alberta, stated on the 30th September last that his buillings had been destroyed by fire and asked to be allowed to purchase the blacksmith shop (Building Y) and the bakery (Building X). The former was valued by the Police in August, 1934, at $20, and the latter at $10. Consideration of this application was withheld on instructions from the Deputy Minister pending a reply from Mr. Marvie referred to above.

(15) F. G. Moses applied on the 26th November last for the former R.C.M.P. Garden. He is willing to purchase or lease the same at $3 per year. This application was submitted on the 14th December last, and you instructed that it should be held pending Mr. Marvie's reply. The land Mr. Moses applied for comprises about 5 acres, 2 acres of which is garden. The police reported on the 23rd May last that there was no garden.

(16) M. L. Jordan, Macleod, wrote to the Department of National Defence on the 25th instant, and his letter was forwarded here, in which he expressed his wish to purchase the coal shed, 15' x 128', and a building "In the South East corner in a very dilapidated condition", which is probably the female guardroom and kitchen.

In 1929, J. A. Calder valued the first at $25 and the latter, comprising Buildings "U" and "V" joined at $25 and $50 respectively.

In August, 1934, the Royal Canadian Mounted Police furnished an estimate of the value at $75 for the coal shed and $50 for "U" and "V" combined.

There are twenty-four buildings on Section 11, and a copy of the Police report dated 2 th August, 19.4, ivin; valuations is on file beneath, marked.

I beg to quote the third paragraph of Constable Brailsford's report dated 2nd January, 1936, file 402434, in connection with Wood Bros." application for Legal Subdivision 2 of Section 10, which shows the approximate value of the land:-

> "On making enquiries of the Secretary of the Municipal District of Wright, I find that the adjoining land is assessed at $5 per acre; this is approximately the current value."

On the 9th October last the request to Mr. Harvie that he inform this Department concerning any commitments made by the Province in connection with the Macleod R.C.M.P. Reserve was renewed, and it was suggested that he advise this Department whether any of the former Police buildings belonging to the Dominion are located on a certain parcel of land for which he said he had received an application. Mr. Harvie replied as follows:-

> "With reference to your letter of the 9th of October in connection with the Reserve at Macleod, I find that it will be necessary to consult with the Department of Public Works, and as soon as I have obtained the necessary information I will again communicate with you regarding the disposition of the whole of this Reserve, which also affects Provincial lands as well as School lands."

The Dominion Salvage Officer has on the recommendation of this Department furnished Minutes authorizing the sale of such buildings on two occasions recently. In this connection I beg to quote an extract from his letter dated 19th June, 1935, this file, to the Assistant Deputy Minister of this Department:-

> "May we say that the usual procedure for the carrying out of such sales is to call for tenders, securing from the successful trader a deposit in addition to the full amount of his bid to guarantee the proper completion of the work to the satisfaction of the Department interested."

Copies

Copies of the Salvage Officer's letters in the two cases mentioned are on file immediately un erneath. I may add that in these cases no deposit was requested by this Department. The payment for the buildings only was received.

Certified to be a true copy of a Minute of a Meeting of the Committee of the Privy Council, approved by His Excellency the Governor General on the 16th September, 1918.

The Committee of the Privy Council have had before them a Report, dated 20th August, 1918, from the Minister of the Interior, representing that under the provisions of Section 6 of the Soldier Settlement Act, Chapter 122 of the Revised Statutes of Canada, 1927, the Minister of the Interior was empowered, at the request of the Soldier Settlement Board of Canada, to reserve, or, with the approval of the Governor in Council, to transfer to the said Board, any Dominion Lands under his administration;

That by Order in Council of the 26th October, 1918, 2659, further provision was made in the case of particularly valuable Dominion Lands becoming available for the purpose, that such lands be set apart for soldier settlement, to remain specially reserved for disposition later, as may be deemed proper with the approval of the Governor in Council;

That in pursuance of the foregoing, certain parcels of land, described in the annexed [illegible] have been [illegible] placed under the administration of the said Board, and have been disposed of under regulations framed by the Board and approved by the Order in Council of the 16th March, 1918, P.C. 611; and

That application has now been made for the issue of [illegible] thereto in the name of the Board;

The Minister, therefore, recommends that title to the lands described in the [illegible] be transferred to the Soldier Settlement Board of Canada in trust for the Dominion Soldier Settlement Board, subject to the usual reservations with regard to mines, minerals, water rights and springs.

The Committee concur in the foregoing recommendation and submit the same for approval.

MEMORANDUM: Mr. Bennard.
Land Agents Branch.

In reference to your memorandum of the 21st instant. I beg to say that you have evidently misunderstood what I told you over the telephone respecting the Deputy Minister's approval of this sale for right of way purposes. No direct decision on this point was given by him.

By an agreement dated the 11th of July, 1910, the [illegible] Company were to construct for the Dominion Irrigation District, power for their irrigation project, and to acquire at its own cost the necessary rights of way. The agreement reads in part as follows:-

"The Company agrees to acquire at its own cost and expense, the lands required for the right of way of the said canal as shown on the said plans marked 1187-1 and 1187-2, and to convey the premises to be required to the Board, the [illegible]".

The Company appears to acquire at its own cost and expense, the lands required for the right of way of the said canal as shown on the said plans marked 1187-1 and 1187-2, and to convey the premises to be required to the Board, the [illegible]".

The Dominion Irrigation Board is now in a position to comply with their part of the agreement, that is to assure title to the rights of way in the simple. The Law Clerk is of the opinion that the Dominion Irrigation Board would be justified in refusing to accept title to the rights of way by letters of occupation. I beg to quote from his memorandum as follows:-

"I have the [illegible] your memorandum [illegible] there is an objection to the assignments referred to in that [illegible] there is an objection to the assignments referred to in [illegible] than an ordinary [illegible] reminder, and it seems to me [illegible] Irrigation Board would be justified [illegible] letters of occupation rather [illegible] agreements approved of the [illegible] Therefore, having [illegible] [illegible] right of way is [illegible] approved of the [illegible] in a position [illegible] the department [illegible] [illegible] national patents [illegible] [illegible] Company [illegible] the agreements. [illegible]. Sheppard,
Land Agents Branch.

In reference to your memorandum of the 31st instant, I beg to say that you have evidently misunderstood what I told you over the telephone respecting the Deputy Minister's approval of this sale for right of way purposes, as no direct decision on this point was given by him.

The facts are these -
By an agreement dated the 15th of July, 1919, the [illegible] Company were to construct for the Taber Irrigation District, works for their irrigation project, and to acquire at its own cost the necessary right of way. The agreement reads in part as follows:-

> The Company agrees to acquire at its own cost and expense, the lands required for the right of way of the main canal as shown on the said plans marked 1187-1 and 1187-2, and to convey or procure to be conveyed to the Board, the [illegible].

In order that the Company may be in a position to comply with this condition of the agreement, they wish to secure title to the right of way in fee simple. The Law Clerk is of the opinion that the Taber Irrigation Board would be justified in refusing to accept title to the right of way by [illegible] of occupation. I beg to quote from his memorandum as follows:-

> "I have examined the assignments referred to in your memorandum hereunder, and it seems to me that the Taber Irrigation Board would be justified in objecting to a license of occupation rather than an ordinary patent".

As the Minister has approved of the agreement of the 15th of July, 1919, the Department is, therefore, bound to issue unconditional patents for the right of way, in order that the [illegible] Company may be in a position to comply fully with the terms of the agreement.

I hope that with this explanation, you will be able to proceed with the issue of patents.

Dear Mr. Buchanan,

M. 4 of Ml 23-9-16-4.-th M.
Thomas Sneddon.

I am returning the correspondence which accompanied your letter of the 2nd instant, regarding the application of Mr. Sneddon for protection in connection with his soldier grant entry above described.

I may say in reply that Mr. Sneddon's entry according to our records, is subject to a loan, obtained under the provisions of the Soldier Settlement Act.

Entries with soldier loans are not protected in the same manner as other entries. Some time ago we received advice from the Board as follows:-

"A settler who has secured advances "from the Board on the security of his homestead "or soldier grant, may on application to the "Department be granted winter protection, but "should be informed that such protection is "conditional upon his satisfying the District "Superintendent of the Soldier Settlement Board "that his stock and equipment will be duly cared

- for -

W. A. Buchanan, Esq., M. P.,
House of Commons,
Ottawa.

"for use that the entry's security will otherwise remain unimpaired during his absence; and that non-compliance with this condition will render the entry subject to cancellation."

[illegible] to the District Superintendent for the district within which the land is situated."

It will be satisfactory to us if Mr. Hodson will take the matter up with the District Superintendent of the Soldier Settlement Board and should he file with our agent of Dominion Lands, Lethbridge, a letter from that official approving his application for leave until the 1st of October, next, the entry will be protected accordingly.

However in the absence of such a letter the entry is not to be considered as under protection.

Yours very truly,

Deputy Minister.

Memorandum:

Mr. Home.

Re S.W.¼ [illegible]-W.4th M.
Entry [illegible] entry of
Robert [illegible].
Entry granted, both cases, [illegible].

On the 19th June, 1919, Mr. Herman A. [illegible] was the [illegible] Lands at Ottawa [illegible]. Mr. A. [illegible] by Mr. E. M. [illegible] application [illegible] No.11511 [illegible] that Mr. E. M. Ferguson was formerly No.502195 in the 165th Battalion.

According to the regulations Mr. E. M. Ferguson should have appeared personally before the Agent of Dominion Lands before the expiration of six months from the date of entry and satisfy him by declaration that he was already in residence or on his way to commence residence. Failing to do this the Agent should institute cancellation proceedings against this entry.

There is nothing on file to show that this man was ever in the land mentioned in the [illegible], and the Agent did not institute the usual proceedings at the end of six months.

On the 22nd instant, Mr. E. M. Ferguson executed an assignment for his soldier grant in favour of his brother, Mr. H. V. Ferguson, and the Agent in forwarding the assignment to the Department was advised that as everything appeared to be in order he had allowed Mr. H. V. Ferguson to make entry for this quarter-section.

According to the regulations before an assignment could be made in favour of a relative the soldier must appear before the Agent and file the usual statutory declaration on form No.5. It was then satisfy the Agent that he (the entrant) had lived upon the land for a period of not less than thirty days.

for the Agent

f/ 29/6/20

From this it would appear that the Agent allowed the brother to re-enter for the land contrary to the regulations as it was the Agent's fault that this man was allowed to enter for the land.

COMMISSIONER

Ottawa 28th June, 1920.

Memorandum:

Mr. Hume.

Re S.W.¼ [illegible] W. 4th M.
Entry (letter grant) entry of
Robert Patterson Ferguson.
Entry granted, 16th June, 1919.

On the 16th June, 1919, Mr. Herbert A. Ferguson appeared before the Board of Dominion Lands at Regina and on application entered the S.W.¼ [illegible] W. 4th M. as a homestead for the said Robert Patterson Ferguson, his brother, absent in the United States, and obtained a letter of entry for the said quarter-section, being No. 41112. It appears that Mr. H. A. Ferguson was formerly No. 2.3195 in the 191[illegible] Battalion.

According to the regulations Mr. R. M. Ferguson should have appeared personally before the agent of Dominion Lands before the expiration of six months from the date of entry and satisfy him by declaration that he was already in residence or on his way to commence residence. Failing to do this the agent should have cancelled pre-emption proceedings under this entry.

There is nothing on file to show that this was complied with or that the agent has reported the delinquency and the entry will not automatically [illegible] at the end of six months.

On the 22nd ultimo, Mr. R. M. Ferguson executed an assignment for his letter grant in favour of his brother, Mr. H. V. Ferguson, and the agent in forwarding the assignment to the department has advised that as everything appeared to be in order he had allowed Mr. H. V. Ferguson to make entry for this quarter-section.

According to the regulations before an assignment could be made in favour of a relative the settler must appear before the agent and file the usual statutory declaration on form No. 8, C and then satisfy the agent that he (the settler) has lived upon the land for a period of not less than thirty days.

From this it would appear that the agent allowed the brother to re-enter for the land contrary to the regulations as it was the agent's fault that this man was allowed to enter for the land,
